(ONCE INSTALLED)**

REVITALIZAIR

DEODORIZER CARD

This product removes bacteria and viruses for up to 30 days through lasting and sustained release of trace chlorine dioxide that effectively destroys harmful odor gas such as formaldehyde, hydrogen, chloride sulfide.

Directions of use | peel off the safety seal, install in an area with constant air flow. Make sure openings are exposed outward to allow air to flow through the product effectively.

Main ingredients | chlorine dioxide, gas sustained release agent, zeolite, bamboo charcoal.

Application | indoor use only, any area in need of disinfection/deodorizing ie: rooms, car interiors, refrigerators, closets or any area with air circulation.

Target user | rooms needing to eliminate and control odors caused by mold, bacteria, pets, and others.

WARNINGS

1. While in use, the openings should be facing outward and not covered; **2.** Store in a cool and dry place; **3.** Do not use in areas with accumulated water, high temperatures or direct sunlig; **4.** Avoid placing near colored fabric due to bleaching affect; **5.** Not intended for personal use. Do not store or place in clothes pocket; **6.** Do not open the inner package so as not to spill the contents. In case of spill, clean and wipe immediately; **7.** Do not place on skin directly. Do not breath in close to mouth or nose. Consult your doctor for skin irritation, asthma, or allergies; **8.** In case of accidental ingestion, drink plenty of water to induce vomiting and seek medical attention. Take the package and show it to the doctor; **9.** In case of accidental contact with eyes, rinse with plenty of water and seek medical attention. Take the package and show it to the doctor; **10.** Keep away from children and pets.
